## Welcoming Our New S1 Students to the English Corner

**Mr. Byron plays a monster naming memory game with the new students**

**Mr. Matt plays a game where you need really quick reflexes to win**

### Reflection by Ma Sherri Tiana 2A

As a member of the English Ambassador Team (EAT) I come to the English Corner nearly every day. As someone who loves to speak in English, I've had the amazing opportunity to help these S1 students. I help them by playing games with them, which can improve their language skills and help them to gain confidence, as well as make lasting memories. When it comes to helping S1 students, they need to discover the joy of games. The first step is to create an environment where they feel welcomed and comfortable. Games offer a fantastic way for S1 students to practice English in a fun and interactive way. Playing games also helps S1 students develop important life skills, such as learning to overcome challenges. However, gaming is about more than just language development. It's a bridge that brings people from different backgrounds together. Through playing games, S1 students have the chance to interact with their peers, form friendships, and feel like they truly belong. For S1 students the joy of games is about more than just having fun. It's about creating an English rich environment, supporting their language development, and fostering personal growth.

In a spirited display of intellectual prowess, Liu Po Shan Memorial College achieved a commendable victory over Concordia Lutheran School in the Hong Kong Secondary Schools English Debating Competition held on 6/10/23. Our team's remarkable performance in this season's inaugural debate was recognized, with Candy Wong from class 4D being awarded the esteemed title of Best Speaker. We look forward to further engaging and Competitive debates in the future.

### Reflection

On October 6th, we had the first debate this school year about whether the unemployed should have to participate in community work to receive social welfare. I was on the negative team and had to argue against the motion. It was a bit challenging since the third speaker role was new for me. I had to rebut our opposition's arguments, analyse the clashes we had, and conclude our case. One of the highlights for me was being able to take risks and challenge my abilities. I took a risk and did an on-the-spot rebuttal, which ended up working in our favour. After the motivation Mr. Byron gave me, I delivered my speech with confidence and enthusiasm. In the end, we won the debate, and I was chosen as the best speaker. It was a great experience and I'm excited for the next Round.

### Reflection

I am incredibly grateful for this opportunity to participate in an English Debating Competition, and to have won the debate in my very first attempt. This achievement serves as a reminder of the importance of hard work and dedication. Moving forward, I am committed to continuing my efforts and honing my skills in the realm of debate. And I would like to express my Sincere appreciation to my team and Mr. Byron for their support.
